- Heavy rains for three weeks brought a severe flood in eastern and southern Uganda and affected 300,000 people. Properties and crops worth billions were destroyed.
- All situations have been reported to H/Q Earlier.
- With the help of local government and disaster coordinator undersigned visited the area and made the assessment of their loss and sent to the H/Q for approval. Humanity First decided to go with food items for one month so the people can stand their own feet at least.
